CITYSCAPE
BAR & RESTAURANT

One of the city's only rooftop view restaurants, Cityscape features grand sweeping panoramas from atop one of the tallest buildings dominating San Francisco's famous skyline. It's easy to leave your heart in San Francisco in Cityscape - great for romantic dinners, dancing under the stars or impressing out of town guests.

Hilton Today's Weather: Partly Cloudy

Captivate your audience with content so incredible they won't want to look away. Your guests will be drawn to your displays and come to depend on the important information they provide.

- Motion video
- Live RSS feeds
- Flash animations
- Event listings
- Broadcast/cable TV
- Display events
- Advertise hotel amenities
- Showcase other locations
- Wayfinding and floor plans
- Emergency warnings

"The latest release of JANUS' software is hands-down far ahead of anything else in the industry. Everything I could have imagined and so much more is included. You guys have really hit it with this one."

*Steve Hicks, Director of IT
The Westin Diplomat Resort & Spa*

Enhance this message delivery by diverse placement of several screens with their own unique content throughout your property, or run the same content on all of them.

- Lobby
- Meeting rooms
- Convention areas
- Elevators, escalators, exits
- Pre-convention space
- Guest room TV channel

Anywhere your customers gather!

BROADCAST/CABLE TV

LIVE RSS FEEDS

One System. Easy Operation.

Split screens allow you to show multiple windows, each with their own independent information.

Integrate software programs that you already know and files you already have with our intuitive software for an unstoppable communication tool.

- Adobe® Flash®
- PowerPoint®
- QuickTime™
- Windows Media
- Events and scheduling software such as Delphi™, Daylight™, and Outlook®
- HD Video including H.264
- mp4, mpeg 3, mpeg 2, mpeg
- AVI
- Real Audio

And so many more!

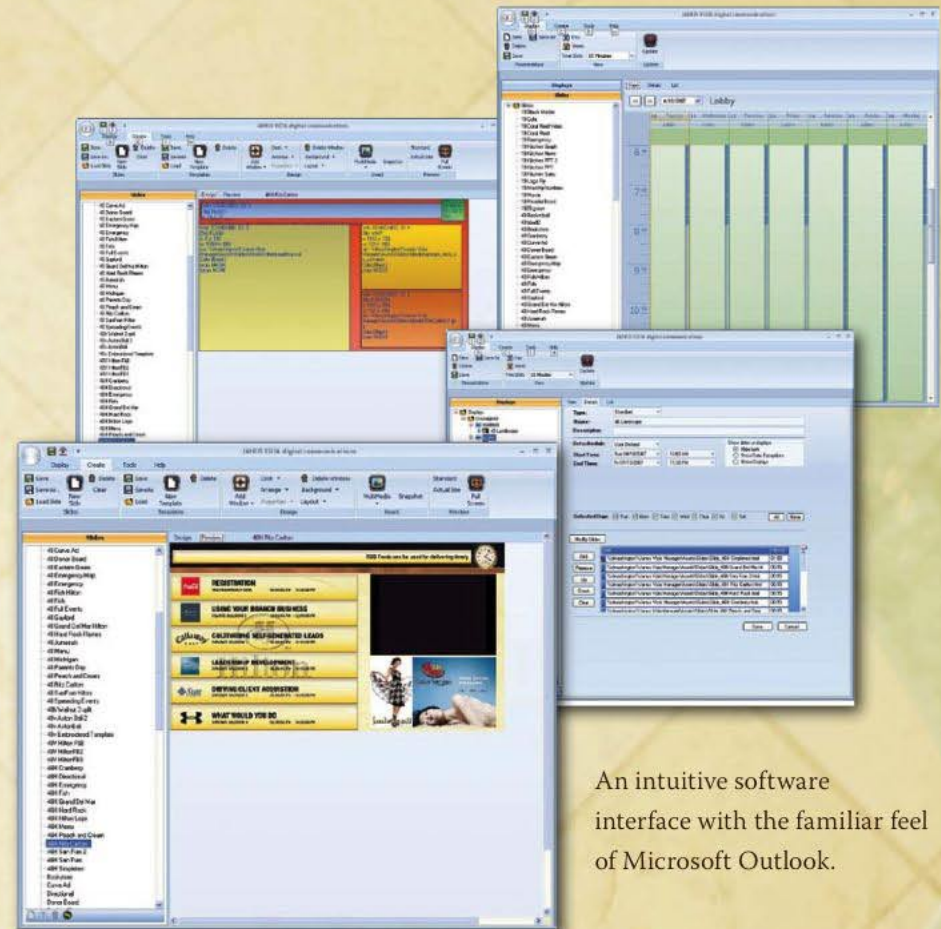

"It has been my pleasure to work with you. I have not found any group more responsive to their customers than your guys. Thank you very much for doing such a great job!!!"

*Mardie Kenyon, Executive Asst to Director of Revenue
Seminole Hard Rock Hotel and Casino*

Creating and publishing templates is so quick and easy, it will leave you speechless.

- The familiar feel of Microsoft Outlook
- Drag and drop thumbnails of image files
- Alternate between split screens and full screens to best suit time of day, foot traffic or special events.
- The JANUS Content Wizard will guide you every step on your way to limitless potential
- Easy scheduling of information where and when you want it
- Implement changes instantaneously

An intuitive software interface with the familiar feel of Microsoft Outlook.

One System.

Customized Communication.

Incorporate your message with included ready-made templates, create your own look, or let us create custom-made template packages for you.

- Rich graphics ready-made for your information and regularly updated with new selections
- Template guides for inserting your own graphic files and information.

"The JANUS displays are an outstanding product – efficient and easy to use. JANUS is great to work with and we will certainly use them again!"

*Rodney Brinson, Director of Engineering
Grand Hyatt Washington*

MAXIMIZE IMPACT.

JANUS systems are preloaded with templates custom-designed to fit your interior décor and enhance atmosphere. Or let us create individualized presentations that show off your property, increase revenue and improve your audience's experience.

- Custom in-house videos
- Custom templates backgrounds
- Custom maps and floor plans
- Custom built frames

One System.

Universal Opportunities.

DEPEND ON JANUS.

Our combination of our system components sets industry standards so that you never have to worry about mismatched hardware or screens.

RELIABLE POWER.

Our software, hardware, displays and customer service have been developed over 20 years to deliver unparalleled performance.

- Intuitive software
- Proprietary controllers
- Networking
- Optimized displays
- Absolute customer support

"JANUS communications technology is a creative breakthrough in one of the greatest challenges in hospital operations. Janus supports effective communication with our hospital community including physicians, employees, and volunteers."

*Kathy Mitchell
Florida Hospital Celebration Health*

EASY ACCESS.

Access levels range from view only to complete access, making it easy to manage multiple properties, departments, and user groups from one system.

PROPRIETARY CONTROLLERS.

Built to optimally perform high quality, smooth motion graphics all day long, all year long.

CENTRALIZED CONTROLLERS.

Protect your controllers in your IT server room or IDF closet protected by fire walls, battery backups, climate control and limited entry.

NETWORK REDUNDANCY.

Even if your network fails, you can expect uninterrupted operation that last for days, weeks...even months.

MULTIPLE PRESENTATIONS SIMULTANEOUSLY.

Each display has its own IP address, which allows it to do anything, at anytime, by itself or in conjunction with any number of other displays.

OPTIMIZED DISPLAYS.

Designed to last beautifully under continuous use.

MANDALAY BAY

One System. One Call.

ABSOLUTE SUPPORT.

We take responsibility for your entire display system.

We have the capability of diagnosing and troubleshooting most problems remotely to minimize downtime. Expect reliable performance with no glitches or excuses. If an issue should arise, expect immediate and comprehensive results. JANUS provides expert technical support that is just a phone call away, *all day, every day, 365 days a year.*

We work closely with you to ensure our installation and training meet your needs. Expect your staff to be as knowledgeable as ours when it comes to getting the maximum benefits from your JANUS display system.

"We bought three JANUS systems because of their quality, style and user friendliness. Without a doubt, JANUS would always be my first choice for digital signage, and the one I would recommend to colleagues."

*Virginia Lamboll, Director of Information
Lakenheath Royal Air Force Base*

ONSIGHT™ SAFETY FEATURE, A JANUS EXCLUSIVE.

Our groundbreaking life safety feature can communicate directly with your building management system for an immediate response to emergencies.

Protect and inform your guest and employees of what to do and where to go in the event of an emergency, hazardous weather conditions or a breaking story.
