FOR IMMEDIATE RELEASE

Seasoned Technology Veteran, Leslie William Rose Joins Leading Hospitality Solutions Provider, TTI Technologies

TTI Technologies Opens office in Las Vegas, Nevada and Continues to Add High-Caliber Leaders to their Talented Team

New York—October 4, 2010—TTI Technologies, the hospitality industry's leading provider of Driver's License/Passport Scanners, Business Centers, Concierge Services and other hotel solutions names Leslie William Rose as Regional Director for the Las Vegas, Nevada office.

For over 25 years Mr. Rose has had the pleasure of working in the Information Technology industry. As an Insurance Company Executive and native New Yorker, he moved to Southern California in the early 1980's to be part of the "software revolution". As VP of the Westech Network (a software development and group) he was involved in the development, sales, installation, implementation, management and maintenance of applications for multiple industries including Insurance, Banks and Credit Unions and Retail. His customer base ranged from General Motors and Lockheed to small Banks and Credit Unions. Rose will be responsible for driving revenue and growing installations of TTI's Business Center Kiosks and Driver's License and Passport Scanners in the Las Vegas area.

"We are very excited to welcome Les to TTI Technologies. The expansion of our team and opening of an office in Las Vegas further strengthens our ability to meet the changing and diverse needs of our customers," shared Steve Blidner, President, TTI Technologies. "With the demand for our Driver's License and Passport Scanners increasing, Leslie's operation's and technical experience are a natural fit to assist clients looking to speed up check-in and gather accurate guest data for future marketing and enhanced security. He has a comprehensive understanding of the hospitality industry and has built relationships that speak volumes to his character."

Since 1991 Rose has lived in Las Vegas where he started CTS Inc. a Master Value Added Reseller selling and supporting data collection product solutions to a variety of industries. Several years later, after selling CTS Les began his independent consulting career as V.P. for Streamline Business Systems, Inc. As a consultant he specialized in Point Of Sale and data migration from POS and peripherals to Back Office and Home office systems. In addition to the sales and support of hardware and software for multiple POS and related systems, Les acted as IT Director to a mid-sized Retail Store chain. He also managed Payment Card processing, PCI compliance and Customer Loyalty Programs working with Casino's and multiple Vendors.

"My experience, both as customer and vendor gives me the ability to understand and focus on "best of breed" appropriate solutions which both satisfy customer requirements and enhance corporate profitability," shared Rose. "I'm excited about joining TTI, their suite of solutions is exceptional and their corporate philosophy is based on integrity and excellence".
