

Interactive Video Wall

Harness advanced touch-presentation capabilities, and create an innovative sponsorship platform

- Offer presenters a new and exciting communication platform, or provide information to attendees through next-generation interactive digital signage
- Sell numerous, interactive sponsorship or advertising opportunities without being limited by conventional touch-screen capabilities
- Provide clients coveted event space, branded to their unique messaging and themes

For more information please contact your PSAV representative, or call 877.430.7728

➤ Benefit from having the option of two standard sizes, each using 46-inch HD screens configured in either a two-by-two or three-by-three

➤ Offer multiple users simultaneous, 32 points-of-touch on the entire surface

➤ Create maps, presentations, games and more with nearly two dozen apps, and enjoy the familiarity of iPad-style interactivity

➤ Choose either a staged or non-staged version
➤ Provide your clients additional sponsorship and branding opportunities with the staged version
